

WINDSERVE FRONTIER

Multipurpose Offshore Support Vessel Hybrid Ready

Principal Particulars

Length Overall	95' (29m)
Beam	29.2' (9m)
Draft	5.5' (1.7m)
Fuel	9,715 Gallons (36,770 Liters)
Fresh Water	792 Gallons (3000 Liters)
Maximum DWT	150 T
Passengers	24
Crew	Up to 6
Amenities	4 Toilets, 2 Showers
Forward Cargo Area	50m ²
Deck Loading Capacity	2.0 t/m ²
Cargo Capacity	20 tons
Classification Society	ABS
HSQE Certification	Yes
Flag	U.S.A. USCG Subchapter L
Hull Material	Aluminum
Hull Type	Catamaran

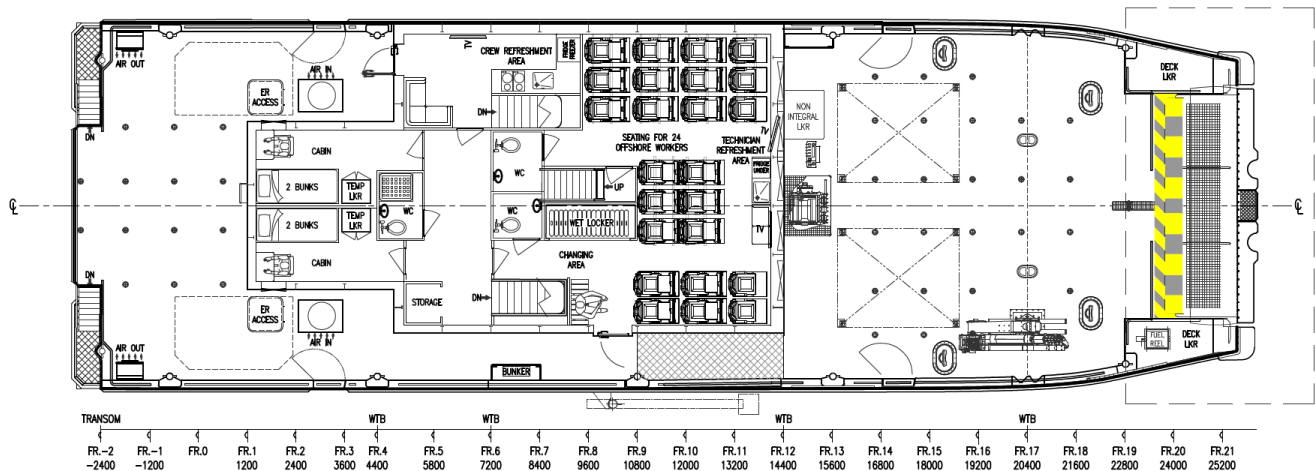

Machinery & Equipment

Main Engines	Volvo D13– 515kW @ 2300 RPM
Propulsion Type	Volvo IPS 900
Generators	2 x Kohler Marine - 40 kW Each
Control System	Volvo with Dynamic Positioning
Automation System	First Electric
Vessel Monitoring System	Reygar BAREFleet
Forward Deck Crane	Toimil T-12505M/2
Anchor Windlass	Hercules AAW-150
High Pressure Washer	Portable on Bow Area
Seats	KPM Suspension Seating
Entertainment	DirecTV Satellite Television
Internet	Starlink
Battery Room	Fitted onboard

Performance Data

Sprint Speed	27.0 Knots
Service Speed	22.0 Knots

Vessel Phone +1 929-786-0893

ABS Management System Certified: ISO 9001 – ISO 14001 – ISO 45001 – ISM Code
